

ARCHIZINC TROPHY BY VMZINC®:
THE 8TH EDITION IS OPEN!

Thirteen years after it was created, the success of the ARCHIZINC TROPHY BY VMZINC® is constantly growing worldwide! Every two years this competition – acclaimed by architects – brings together over one hundred international projects. For its 8th edition, the starting signal was **sounded on Friday 15 September 2017!** Candidates are invited to download the registration form on the www.trophee-archizinc.com dedicated website and return it, duly completed, **by 31 December 2017** at the latest.

The projects, highlighting VMZINC® solutions and proudly flying the colours of contemporary architecture, will be awarded prizes in **four categories: Individual Housing, Collective Housing, Public Buildings and Commercial Buildings.** They can also qualify for the “**Jury’s Special Award**” and the “**Jury’s Grand Prize**”. For the 3rd consecutive year, VMZINC® internet users will also be able to express themselves by **voting for their favourite project via the “VMZINC for Architecture” Facebook page.**

■ **WINNERS WILL BE SHOWCASED ON THE INTERNATIONAL STAGE**

The ARCHIZINC TROPHY BY VMZINC® confirms the worldwide image of VMZINC® and its capacity to bring together diverse cultures, building typologies and architectural styles, all focusing on zinc. This **noble material is natural and recyclable**, and is used in a **multitude of applications and surface aspects, for new buildings and renovations.**

The ARCHIZINC TROPHY BY VMZINC® also demonstrates the strength of ties established between architects, players in the construction sector and the brand. A sustainable partnership that will be recognised during an awards ceremony in June 2018. Each project will also be presented in the special edition of FOCUS ON ZINC by VMZINC®, which has a distribution of 50,000 copies in approximately thirty countries.
